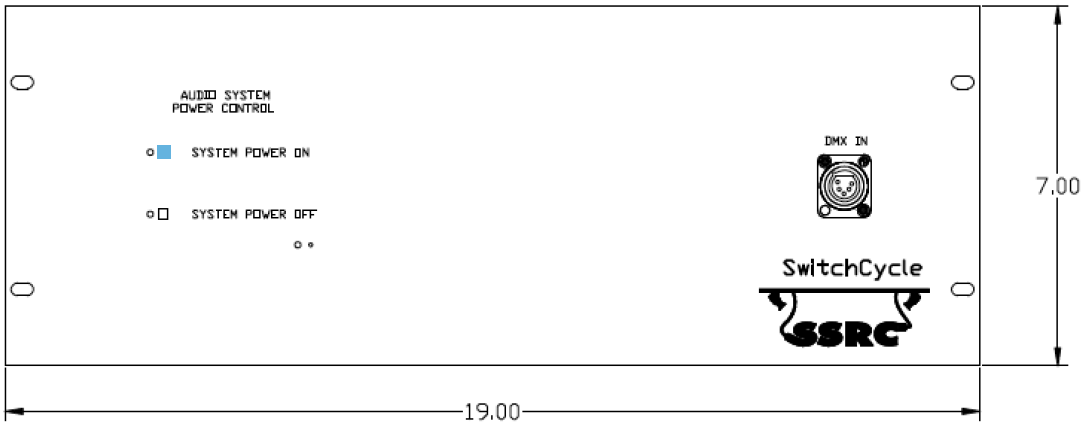
SwitchCycle™

DMX Controlled Sequencing Device

115/120V



Wired DMX

GENERAL

SSRC's SwitchCycle™ is a fully customizable, DMX-controlled sequencing device designed for use with performance relay devices such as the SSRC SwitchStrip™, SwitchSuper™ and other 3rd-party devices where sequencing is required.

With the push of a single button, the SwitchCycle™ provides simple, pre-configured, power sequencing of audio, video, and other equipment to avoid potential damages to equipment caused by out of sequence or simultaneous powering of devices.

Available in either a standard 19" rack-mount or stand-alone version, SwitchCycle™ makes it easy power up and power down your racks and devices quickly and safely.

Electrical, Physical, and Control

Electrical: 100-240VAC 50/60hz, 5w Universal Power Supply

Physical: Standard 19"x7" rack mount engraved brushed aluminum faceplate.

Control: DMX512 Input (for recording, throughput, and configuration - not isolated.)

Associated Products:

SSRC SwitchStrip™
SSRC SwitchSuper™
SSRC SwitchMonitor™

Custom configurations available by contacting SSRC

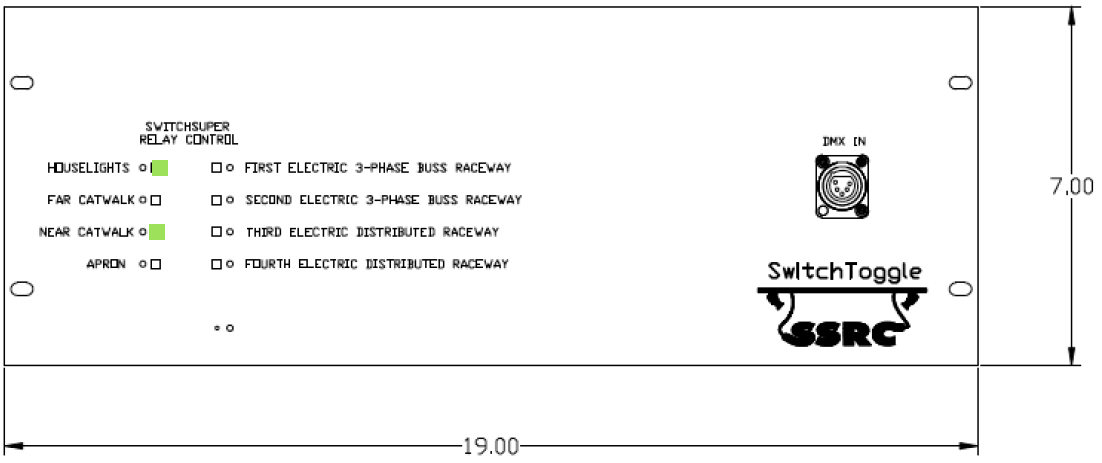
SwitchToggle™

DMX Control Device

115/120V



Wired DMX

GENERAL

SSRC's SwitchToggle™ is a fully customizable, DMX-controlled preset station designed for use with performance relay devices such as the SSRC SwitchStrip™, SwitchSuper™ and other 3rd-party devices where controlled presets are required.

The SwitchToggle™ provides the user with up to (9) fully customizable presets on a custom-engraved faceplate.

Available in either a standard 19" rack-mount or stand-alone version, SwitchToggle™ makes it easy recall DMX-controlled presets in your venue, and is the perfect companion to toggle relay circuits in SSRC's SwitchSuper™ relay panel.

Electrical, Physical, and Control

Electrical: 100-240VAC 50/60hz, 5w Universal Power Supply

Physical: Standard 19"x7" rack mount engraved brushed aluminum faceplate.

Control: Up to 9 custom, LED backlit buttons, (1) DMX512 Input (for recording, throughput and configuration - not isolated.)

Associated Products:

SSRC SwitchStrip™
SSRC SwitchSuper™
SSRC SwitchMonitor™

Custom configurations available by contacting SSRC
